

FRIENDS OF CROMPTON MOOR

OUR NEXT EVENT

Will be on.....

SATURDAY 11th of February 2023

Meeting in Brushes Clough car park

on Crompton Moor at 10:30am

Getting ready for the bird breeding season

Recording and Cleaning Bird Boxes

We have 50 Nest Boxes installed in Brushes Clough and Bowling Green. Don't worry we don't need to do them all in one day! Each box needs to be cleaned to guard against infection, and it's also an opportunity to check which have been used, and also identify the species that used it.

Please dress for the weather, and wear sturdy shoes, as the ground can be uneven in places.

Bring along a snack and a drink, and enjoy a day on the moor learning about different bird species.

Contact:

Marian Herod for further information if necessary.
